

July 31, 2020

Dear Client and Caregiver,

Governor Evers announced a new Executive Order mandating face coverings be worn indoors or in enclosed spaces, other than when at home. We know that face coverings are an effective tool in fighting Covid-19, and I encourage our staff to do their part in protecting the health and safety of our clients.

Here at The Caring Place, we are committed to providing a safe experience for everyone who enters. I ask that all visitors and family members wear face coverings when in the building. For more information, go to the Wisconsin Department of Health Services website regarding wearing, cleaning, and making coverings. (<https://www.dhs.wisconsin.gov/covid-19/protect.htm>)

The Executive Order does state that individuals with health conditions that preclude the wearing of a mask are exempt from the requirement to do so. With this in mind, I will not insist that our clients wear a face covering while at The Caring Place.

If you are experiencing any Covid-19 symptoms, including fever, cough or shortness of breath, please stay at home until you are symptom free.

I will keep you updated if there are any changes to the policies at The Caring Place.

Sincerely,

Lori Wetzel  
Executive Director
